A: centre, E = 3.00 MeV
B: r = 0.1 m, E = 2.99 MeV
B: r = 0.3 m, E = 2.89 MeV
B: r = 0.8 m, E = 2.29 MeV
Probability density [1/m]
Barycentre radius [m]
Probability density [1/ns]
Relative-time spread [ns]
AUC: P(feature of B > feature of A)
Radius of B, r_B [m] (A at the centre, same mean Q)
total charge Q
charge pattern (barycentre radius)
timing (relative-time spread)
